You must attach a copy of page one of the company's Iowa returns as filed and any Federal forms 1120X or 1139 filed for all periods involved with this claim.

Interest on claim will accrue starting on the date all required information is received by the department.

Under penalties of perjury, I declare that I have examined this return, and attached schedules/statements, and, to the best of my knowledge, believe it to be true, correct and complete. If prepared by a person other than the taxpayer, the declaration is based on all information of which there is any knowledge.

IA 1139 FARM INSTRUCTIONS

All amounts should be in whole dollars

General Instructions

Form IA1139 Farm can be used only for the carryback of an Iowa capital loss, an Iowa net operating loss or an Iowa alternative minimum tax net operating loss from farming operations. The carryback period for net operating losses from farming businesses is five years to the extent the net operating losses are for tax years beginning on or after January 1, 1998. If any other changes are involved, form IA1120X must be filed.

Carryback claims must be filed within three years of the due date of the return producing the net operating loss or capital loss. Attach copies of page one of your Iowa return for all periods involved with this claim including the loss year and any federal claims involved (i.e. 1139 or 1120X). Include supporting documentation for a capital loss or alternative minimum tax loss (i.e. both Federal and Iowa alternative minimum tax schedules for the loss year and carryback years). Once it is available, submit verification that the IRS accepted Federal carryback.

Specific Instructions

(On the return, references to line numbers are bracketed.)

Corporation name and address and Federal T.I.N.: Check box if different than on returns as filed.

Loss Information: Check the appropriate box and provide the amount of Iowa loss. Show the remaining loss to be carried forward after this carryback. Indicate whether any year involved in this claim has been adjusted by Federal audit. If yes, include a copy of the Federal audit.

NOTE: In computing the Iowa net operating loss carryback for accrual basis tax returns, the net operating loss year should be reduced by 50 percent of the Federal tax refunds accruing to the loss year. If you are using filing status 2 or 3, the Federal refund is computed using the "Loss Producers" formula set forth on Schedule H, Computation of Federal Tax Refund/ Deduction. Even though the Federal rule on state refunds has changed, Iowa is not changing its position on the accrual of Federal refunds. We will still require the Federal refund to be accrued to the Iowa loss year return.

As Last Reported On: The figures used should be from the last form filed (i.e. IA 1120, IA1120A, or IA1120X, 1139 claim for refund, amended return or last audit completed). Provide the form number of the last form filed or the date of the last Iowa audit.

Note: Lines 1 through 13 do not need to be completed if the only change is an alternative minimum tax loss.

1. Net Income: Iowa income as last computed, after additions and reductions on line 8 of the IA1120 or IA1120A.
2. Iowa Capital Loss: Amount of loss from Federal return or refund claim.
4. 50 percent Federal Refund from Capital Loss: (accrual basis only) 50 percent of the amount from any applicable Federal claim. If refund is due to both a capital loss and a net operating loss, compute the amount attributable to the capital loss in the following manner: $\text{Federal capital loss} \div (\text{capital loss} + \text{net operating loss}) \times \text{Federal refund} \times 50 \text{ percent}$.
6. Nonbusiness Income: Amount from line 9 IA1120, or from schedules, or as last computed.
7. Income Subject to Apportionment: Subtract line 6 from line 5.

8. Iowa Percentage: Amount from line 11 IA1120 or as last computed. For IA1120A enter 100%.
9. Income Apportioned to Iowa: Multiply line 7 by line 8.
10. Iowa Nonbusiness Income: Amount from line 13 IA1120, as last computed, and/or schedules.
11. Income Before Net Operating Loss: Add lines 9 and 10.
12. Iowa Net Operating Loss Carryforward: Amount from line 15 IA1120, or line 9 IA1120A, as last computed, and/or schedules.
13. Iowa Net Operating Loss: "As last reported" - loss previously carried back. "After carryback" - current period net operating loss plus previous loss.
14. Income Subject to Tax: Subtract lines 12 and 13 from line 11.
15. Computed Tax: Multiply line 14 by the following:

Corporation Tax

If Line 14 is:

Under \$25,000	6%
\$25,000 to \$100,000	8% minus \$500
\$100,000 to \$250,000	10% minus \$2500
Over \$250,000	12% minus \$7500

16. Minimum Tax: Amount from IA4626, or as last computed. If the amount of minimum tax or minimum tax credit is changed, the original computation and the revised computation must be attached.
17. Total Tax Liability: Add lines 15 and 16.
18. Recomputed Tax Liability: Amount from line, 17 "after carryback."

Preparer's ID No: Enter the preparer's SSN, FEIN, or PTIN.
